ABOUT US

We are a group of loving and determined citizens fighting for the safety of all school-age children in the Chicagoland area.

The Patrick Lives On message is distributed through the production of anti-violence Public Service Announcements, Short Educational Films, and Charity Fundraising Events designed to drive community and corporate awareness.

The Patrick Boswell Courage Award encourages and rewards students who resist gangs, guns, and violence.

And. . . We provide financial assistance to organizations that support junior high and high school students for extracurricular activities enabling them to lead positive and productive paths in life.
